Re: Offer of Williams Energy Marketing & Trading Company to Make Available Data
for Independent Review, Docket No. PA02-2-000

Dear Mr. Goldberg:

We are in receipt of your letter of June 5, 2002 (Attachment A), inviting the Commission to conduct an independent review of Williams EMT's gas trading data for the gas market in California as part of the Commission Staff investigation in Docket No. PA02-2-000. You indicate that you wish to proceed as quickly as possible. We appreciate your willingness to cooperate in bringing this matter to a prompt resolution.

The Commission Staff will send its representatives to Williams' Tulsa, Oklahoma offices next week, tentatively scheduled for Wednesday, to review all relevant data for export for analysis.

Accordingly, you are directed to provide our representatives with complete access to appropriate personnel (including computer support) and documentation, as outlined in Attachments B and C. We will be contacting you shortly regarding a specific time and date.

Very truly yours,

Donald J. Gelinias
